An Imaginary Axis of Evil: Iran from the Inside

slideshow and discussion with Anne Miller

UU/South Church, 292 State St, Portsmouth

Anne Miller, director of NH Peace Action, attended a ten-day women's "Building Friendships" delegation to Iran this spring. The trip was motivated by the growing concern that the US may take or sanction military action against Iran within the next year.

While in Iran, the delegation met with a number of diverse NGOs (non-governmental organizations) and with many ordinary Iranians in the cities of Tehran, Yazd and Esfahan.
