# ***“Bringing Down a Dictator”***

*Bringing Down A Dictator* documents the defeat of Slobodan Milosevic in October 2000, not by force of arms, but by an ingenious nonviolent strategy of honest elections and massive civil disobedience.

Milosevic was strengthened by patriotic fervor when NATO bombed Yugoslavia in 1999, but a few months later, a student movement named Otpor! (“Resistance”) launched a surprising offensive.

Trained in nonviolent action they forged a unified opposition, fought to stop vote fraud, and undermined police and army loyalty.
