

In Their Own Words: Iraqi Perspectives on the Occupation

with independent journalist and filmmaker

Brian Conley

MON • JAN. 30

@ 7:00 PM

**Dover Friends
Meetinghouse**

141 Central Ave., Dover, NH

Brian spent three weeks in Baghdad in late October and early November 2005 exploring the lives of ordinary Iraqis who have now been living under U.S. occupation for nearly three years. His first-hand perspective and footage from Baghdad show the continuing security, health, and infrastructure crises in Iraq that continue to go unreported by the mainstream press.
