## *“Rethink Afghanistan”*

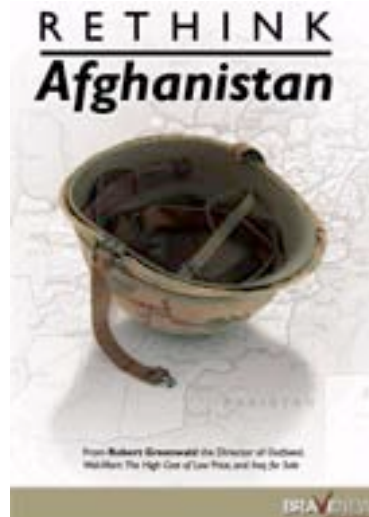

A film followed by a facilitated discussion

**Monday, November 2<sup>nd</sup>, 6:30pm**

At the Portsmouth Public Library, 175 Parrott Avenue

"Rethink Afghanistan" is a ground-breaking documentary by filmmaker Robert Greenwald. Greenwald and his crew made several visits to Afghanistan, most recently in March of 2009, and interviewed many Afghan civilians as well as U.S. and Afghan political leaders and foreign policy experts.

"Rethink Afghanistan" raises critical questions about the consequences of U.S. policy and the recent troop escalation that all Americans need to consider.

**Free and open to the public.**
