

# The Case for Engagement with Iran

presented by

## Scott Ritter

- Former UN Chief Weapons Inspector in Iraq
- Former Major in the United States Marines
- Author, *Target Iran*, his recent book which illuminates the facts about this potentially devastating conflict between the US and Iran

Scott Ritter served as Chief Weapons inspector for the United Nations Special Commission in Iraq where he was in charge of searching for weapons of mass destruction. Ritter conceived, carried out, and participated in over forty inspections. He ultimately resigned from UNSCOM, determining that Iraq did not possess weapons of mass destruction, while unearthing the true threats to international justice and global security surrounding US foreign policy.

Signed copies of *Target Iran* will be available for purchase.
