For the 7th anniversary of the U.S.-led invasion of Iraq, join us in calling for the funding of basic human needs, and an end to the wars in Iraq and Afghanistan.

We are gathering because...

- There are still about 98,000 troops and 150,000 contractors on the ground in Iraq - more than we have in Afghanistan
- Civilian casualties are thought to be over one million
- 4,367 US and coalition military personnel have died in Iraq
- Suicide rates among US veterans are over 120 per week
- On Monday, February 22, Pentagon officials made their first request to extend the withdrawal deadline
