

Why is the national guard still in Iraq when they are needed here?
When will American soldiers come home?
What exactly are Americans fighting for?

President Bush has no answers to these questions. He vacations while the parents of soldiers killed demand an explanation. The occupation has claimed countless Iraqi lives and turned their country into a terrorist training ground on its way to becoming a fundamentalist Islamic state. The arrogant policies and wasted resources have made America more vulnerable and isolated. Even GOP leaders in Congress question President Bush's leadership and honesty.

We demand an end to the occupation of Iraq and for those billions of dollars to be used to meet urgent needs here at home. We join our voices as one as we, the clear majority, march on Washington to overwhelm war with peace, and oppression with justice.

Join us for the mass demonstration on September 24th. To reserve your seat on one of the buses, contact NH Peace Action at 603-228-0559 or jessica@nhpeaceaction.org.
